

Hard Wired Parking Lot Button

SKU #950-LHW-ODPNC-3

The large POLICE emergency weatherproof enclosure is hard wire, ideal for parking lots and garages. This includes an enclosure mounting back plate, pole mounting bracket with fasteners, wall mount clips, poly carbonate enclosure, and weatherproof red duress button. When activated, the hard wired alert is sent to the LynxGuide server via the LynxNet input device.

Features and Benefits

- Hard wired parking lot button can be connected to any LynxNet input device
- One set of "Normally Open" and "Normally Closed" dry contact closures
- Wire integrity to the end point of the input device can be supervised using supplied EOL resistor
