

# LynxNet ODStrobe4

SKU #950-LYNX-ST-PO4

The Lynx-ST-PO4 outdoor strobe is a network device that has visual strobes and an audible alert. The LynxNet ODStrobe4 is activated by the LynxGuide server, and can be activated until an all clear is sent or a pre-set timer expires.

## Features and Benefits

- Strobe colors: red, blue, amber, and green with programmable audible tone
- Can be activated by any Lynx alarm
- Supervised by the LynxGuide server

### GENERAL SPECIFICATIONS:

**Width:** 11.7"

**Length:** 19"

**Height:** 9.7"

**Weight:** 7 Lbs.

**Power:** AC Power

**PS Input Voltage:** 100-240 VAC

**PS Output Voltage:** 12 VDC, 3.5 amp

**Supervision Interval:** Default 5 Minutes

**Communication Protocol:** The LynxNet hardware and Lynx Client software achieves bidirectional communication through a client-initiated, persistent socket session to the LynxGuide server on ports 10117-10121. No network ingress connections are required. All server communications are TLS encrypted. In addition to providing security, this method is ideal if the hardware is behind a gateway, as no NAT rules are required to achieve connectivity.
