

# Wireless Wall Mounted Button

SKU #950-WLT-IDPNC-1

(Indoor with No Cover)

The indoor wall mounted wireless duress button is available without a cover. It is available in the colors: white, red, blue, green or yellow. Custom text is available on the switch housing. It is activated by pressing the button, instantly sending the alarm. The alarm sends a wireless alarm to the LynxNet WLS and then sends it to the LynxGuide server.

## Features and Benefits

- Easily install without running wires
- Individual transmitters can be tested while other transmitters remain operational
- Transmitter signal and battery are supervised
