

# Lynx Panic-B

SKU #950-WLT-PANIC-B

The handheld dual panic button includes a belt clip. It can be worn with a clip or remove the clip and the transmitter can be mounted under a desk or on a wall. It is activated by pressing both buttons, instantly transmitting the alarm. The alarm sends a wireless alarm to the LynxNet WLS and then sends it to the LynxGuide server.

## Features and Benefits

- The dual panic button can clip on and be worn, or remove the clip and the transmitter can be placed on a breakaway lanyard
- Supervised and can be tested
- Used with the Lynx fixed or the Lynx locating wireless system
